OAKLAND COLLEGE SCHOOL!

This school the patron has the choice of several departments of instruction, all well graded.

THE JUNIOR DEPARTMENT

Is especially qualified to meet the wants of young men.

THE SENIOR ENGLISH

Admits a thorough course of instruction in Elementary English Branches, Theoretical and Practical Business, the Practical Sciences and Art.

THE SENIOR CLASSICAL

Is designed for those who intend to prepare for a College Course, furnishing the Preparation for the Department of the College of California. The Modern Languages receive special attention.

For Catalogues or further information, address I. H. BRAYTON, Principal, Aug. 10/47, Oakland, Cal.

PACIFIC BUSINESS COLLEGE,

MECHANIC'S INSTITUTE.

Post Street, between Montgomery & Kerney SAN FRANCISCO.

The importance of a thorough and practical business training, for the mercantile profession, is too well known to require much comment. Without such knowledge, the young merchant will be liable to difficulties, both in seeking a situation, and in the discharge of his duties after employment is obtained. To have received instruction at the Pacific Business College, endorsed by the leading merchants of the city, is more effective in winning the favor and confidence of business men, and the general principles of introduction which friends can give. The Pacific Business College maintains a reputation for thoroughness and systematic training, far surpassing that of any other similar institution on the Pacific coast. Most of the leading merchants of this city have employed graduates from this College, and bear testimony to the practical efficiency of the course prescribed. The system of actual practice embraces all the varied operations of real business. A Ladies' Department is also added to this popular institution. This spirit of enterprise cannot fail to draw forth the well-wishes of the public.

Address for all information, VINSONHALER & DE LAGUNA.

A CARD

We the undersigned, merchants and business men of San Francisco, California, are at the present time, employing men who have completed the prescribed course of study at the Pacific Business College, and we take pleasure in stating that we have found them well posted in accountancy and the general principles of business, showing conclusively that they have been subjected to a thorough drill in those important matters, by experienced and competent instructors.

We cheerfully recommend the College as being, in our opinion, an institution of intrinsic merit, and well worthy of the confidence and support of the community.

UNDER THE EAVES.

From the rose-vine leaves Under the eaves

Came a sweet one day, Drest in his crimson and gray;

And he curiously peered around, Like a thief that he had been found.

He shook the green leaves Under the eaves

Then chirruped a dainty song, As if he cared not how long

He stayed under my dear cottage eaves, Kissing the rose leaves

He warbled and watched and sang again, Till his merry refrain

Sank to a lullaby.

Back to the rose-vine leaves Under the eaves

He flew to a tree near by, On a branch nearest the sky

He warbled and watched and sang again, Till his merry refrain

Sank to a lullaby.

JOSH BILLINGS ON THINGS GENERALLY.

Pleasure, like a hornet, generally ends with a sting.

The most dangerous characters in the world are those who live in the suburbs of virtue—they are rotten lice.

Laziness is a good deal like money—the more a man has of it, the more he seems to want.

There is no such thing as inheriting virtue; money and titles and fever sores can be inherited.

The virtuous of a convent are like hot-house plants—tender but tasteless.

There is like a mountain—after climbing up one side and sliding down the other, put up the stick.

SATURDAY, SEPT. 5, 1868.

SETTLE UP OR BE SUBD.—As we are bound to settle up our business here immediately, those who owe this office will please call and settle. As there are too many of you for to make individual demands, you need not be surprised if those of you who do not settle by the 12th, are requested to settle your accounts with costs, in the Justice's Court. This statement applies with equal force to small accounts as to large ones.

TO OUR EXCHANGES.

We shall issue the *Truckee Tribune* on or about the 15th of the present month, and we shall send copies to all the present exchanges of the *ENQUIRER* and shall be pleased to meet the familiar faces of all our old friends—Address—*Truckee Tribune, Cal.*

LETTER FROM GOLD RUN.

EDITOR ENQUIRER:—On looking over your last journal, of last week, I failed to see the usual "letter from Gold Run." I expected to see one from Gold Run, or I should have penned one myself giving you the local items from this burg.

Bull says that to a stranger the town might look dull, but that to a resident, it did not. I have been a resident of this vicinity for a number of years and although I agree with him that the miners might be seen wending their way to the Express Office with their gold dust a few weeks ago, I deny that it is so at present, and let any person stranger or citizen ask our citizens the question, "How is business?" and he will receive the answer, dull, very dull indeed. I think our merchants are the ones to judge of the amount of business they transact.

The winter here has about failed, and quite a number of our citizens have stopped working for this season, and a great many more are making their last run, and may expect to see this place as dull as Dutch Flat, it is reported to be, in a month or so from now. Within the last two weeks quite a number of companies have cleaned up, among the names are Messrs. Moore, Taylor, Vose, & Wells, Hays, & Judson, Stewart and Kinder, Brink & Co., and several others, with good results, and as soon as they stop working they will go to work vigorously to prepare for the next season. Since my last Geo. Stoenck & Co. have struck bed rock in the shaft they were sinking and got a good prospect, encouraging them to try again and they are now sinking another with the expectation of striking bed rock and good pay, at the depth of 70 or 80 feet, we hope they may succeed, they being among the first to sink for the "blue lead."

One day last week we with some friends took a walk to Indian Hill, and visited the cement mill, and the claim of Messrs. Stone & Co. The cement pays well although but very little gold, if any, can be seen in the cement, it laying on the bed rock. They are now running a tunnel through the cement, it is 19 feet wide and 8 feet high, preparatory to "breasting out," and are going at the rate of four or five feet per week. They work three shifts of 8 hours each, and 2 men on a shift and run the mill 8 hours out of 24, and contemplate soon putting on a larger force of hands; when we may expect to hear of large returns from the mill.

One day last week quite an altercation occurred between two women, residing near the freight depot, owing to one of them attempting to throw a basin of hot water on the other, but not being able to see it in that light, and having no desire to feel the hot water trickling over her person, she waded in, and got decidedly the best of the fight, whereupon the vanquished lady the victor arrested for a result, and a battery, the case was tried at Dutch Flat on Monday last, and the jury failed to agree.

On last Sunday afternoon the Rev. Mr. Bouton, preached to a much larger congregation than on his previous visit, and in the evening Rev. Father Callan, of Forest Hill, delivered a lecture in the same place, which was largely attended. I believe he is trying to stir up the citizens and get them to build a Catholic church.

On Monday evening our town was nearly deserted, owing to the large number of our citizens going to Dutch Flat, to hear the trial, then remaining to hear the Hon. A. Sargent, speak on the political issues of the day; they returned about 11 o'clock the same evening hurrying for Grant & Colfax, and were well pleased with Sargent's speech.

Some of our Democratic citizens made up a party of \$1,500, and offered to bet on Seymour & Blair, and were immediately taken up by two or three of our leading Republicans, who are willing to bet as much more on Grant & Colfax.

On Sunday, Aug. 23th, several of our most prominent citizens procured a carriage, and started on a trip to visit Mr. Chase, who is residing a few miles above Dutch Flat, to have a good time, and they had it, returning home about dark in an extremely musical manner, singing the good old songs, "John Brown," and "Uncle Sam's a Boss," with a variety of others to numerous to mention, mostly patriotic songs, of which we could not distinguish the exact number of harmonies and dyes of the songsters. Their joyful countenances and merry songs made every one think that they got what they wanted after, and enjoyed themselves hugely.

Mr. Finkle, of the Gold Run Bakery, is building an addition to his house, and also putting up a new bake oven, which will enable him, when finished to supply this place with bread, pies, and confectionery.

LOVE FLAT.—On the 3d day of Aug., last, considerable rain fell, and the place, started before daylight for Green Valley accompanied by a small shaggy dog of the poodle species, which he soon missed; but he was so of great value Mr. Cooke took pains to look for him, or even left the dog to him. Seventeen days after, on the 18th, the dog came home very dirty, hungry, and emaciated. Upon inquiry he found that a miner passing by an old shaft had heard a dog moaning and had mentioned it to another who had gone and rescued the poor little fellow. That very day he reached home. He had undoubtedly fallen into the shaft on the 2d, and fasted 17 days. The shaft was about 10 feet deep and empty dry, so the poor dog had been without food or drink two weeks and three days. To day he is as lively as ever, and can keep up with his master's excellent roadster, and always insists on going when the horses are taken out.

UNION MEETING.—The Hon. A. Sargent and Judge Noble Hamilton addressed a large and enthusiastic meeting in this place on last Monday evening. Their arguments were eloquent and convincing, and the speakers were frequently interrupted by loud and enthusiastic cheers, and rounds of applause. Quite a number of persons were present from Gold Run. At the conclusion of Mr. Sargent's speech three resolutions were given for our next Congressmen, A. Sargent. Telling it as a whole, we do not remember attending a meeting where such unanimity of sentiment, and good feeling prevailed.

A. A. SARGENT and Judge McFarland addressed a discourse of about six hundred citizens at Truckee last Saturday evening. This was the pioneer meeting, and we should say was quite a healthy one. Truckee and Boca, are good for one hundred and fifty Union men.

OBITUARY.

The Bible says, And whosoever will not receive you, when you go out of that city shake off the very dust from your feet as a testimony against them. Assuming that this charge given by Christ as a rule for the government of the actions of his Disciples, is applicable to mankind at the present day, we shall proceed to shake some of the dust of this village from off our feet.

With this number the publication of the Dutch Flat Enquirer ceases. As an explanation for our stopping from public gaze we have only to refer to the "omnivorous" appearance of the town. It is true there is business enough in this section to support a paper quite decently but owing to the extreme dullness of the majority of those who could support such an institution they have permitted us to languish along until we are finally compelled to suspend. When the present parties assumed control of this journal a few months since they were assured of support; how relationally those promises have been kept they themselves may judge. In the course of events, we think, Dutch Flat will again be a flourishing place, but it will not be until a majority of the present population seek another career.

We may find a place where support is not so good as here, but it seems to us to be nearly impossible. We have met with many kind friends since our sojourn in this wilderness, who have exerted every effort in their power to assist the paper to live, they will ever be gratefully remembered. ful after all, when half way up the distant hill, just where the mountains divide, we saw him inside of a small hole, like a dot, and almost the size and with the manners of a chipmunk, coming along, then disappearing in another hole contrived by some friendly hand. Ah! here he comes again—this time as several chipmunks, harnessed together, grand old style. I know you know old fellow—you abound with the fire and smoke. Your shriek will not give me another alarm. Charley Crocker is your boss—the ribbons are in his hands, and he will see to it that you canter straight across the continent, bearing blessings with you at every step. A sweet poetess has said:

There's beauty all around our paths,
Will trace it mid familiar things,
And in their lowly nooks,
In a ramble up the hill-side, it did not require close watching to find a fine variety of floral beauties. The white lily and spotted tulip, reared their tall heads above many flowers more humble, but equally charming. Par up, but just below the snow, the snow-patch was still dominating. A series of brilliant bell-like flowers, surrounded a stalk that reminds one of asparagus, and the growth is from one to three feet high. A dear old lady informed us it was a *Phacelia* growing from the roots of the trees; on examining the roots it was found to be quite independent, and we set down the botanicalist who told her this as a member of the number of the Phacelias. But how sweet is this twilight—how lovely the landscape now; the dark blue hills against an amber sky; the water white and opalescent, lying like a gem upon the somber garments of earth. Tall, stout trees stand erect as sentinels at their post. Our path, the spirit, and following old habits, seeks the pen rack to go to rest.

SOMES.

HOTELS AND RESTAURANTS.

DUTCH FLAT HOTEL,

MAIN STREET, DUTCH FLAT.

CHAS. SEFFENS, Proprietor.

THIS HOUSE BEING NOW FULLY completed and arranged in all its appointments presents greater inducements to transient as well as permanent customers than any other establishment of the kind in the mountains. The proprietor having been in the business for a number of years, flatters himself that he is sufficiently known as a caterer to public taste to warrant their support.

LARGE AIRY ROOMS,

with clean bed linen, well ventilated are requisites that should not be dispensed with but which are ALWAYS found at this house.

THE TABLE

will always be found supplied with the latest delicacies of the season, and polite and willing waiters always in attendance. In connection with the house is a BAR ROOM, always supplied with the best.

WINE.

LIQUORS

and **CIGARS.**

to be had in the market. An experienced bartender constantly at hand to wait upon customers; also a fine Billiard Table where parties may play this healthful game FREE OF CHARGE.

SUMMER RETREAT!

To families and all strangers in the mountains the proprietor would say that Dutch Flat Hotel, being located on the line of the Pacific Railroad at a convenient and pleasant distance from the city, is easy of access to those whose means are limited and require fresh air and treatment and good living. All the proprietor asks is an opportunity to prove the correctness of the above assertions.

LIVERY STABLE.

Connected with the hotel is a first-class Livery Stable, where

Carriages and Horses

can be had for all parts of the country. Parties supplied with carriages with or without drivers.

Carriages from this hotel will be found at the depot on the arrival of every train.

STARR'S EXCHANGE,

Head of Main Street, Colfax.

THIS HOUSE, SITUATED AT the most central locality in Colfax, and Colfax being the center of a radius of the most prosperous mountain towns in the State, presents an eligible point from which to gather the most reliable information of the mining, commercial and social advantages of the most important portion of the country. Being located at a few steps from the railroad depot presents every advantage desirable to the traveler or resident. Every accommodation furnished to make it a home for families as well as a pleasant stopping place for transient customers. Connected with the hotel is a first class

WOMAN.

DISSECTED BY A MAN.

A woman is like—but stay—
What a woman is like, who can say?
There's no living with or without one!
Love bites like a fly,
Now an ear, now an eye;
Buz—buz—always-buzzing about one!
When she is tender and kind,
She is like to my mind
(And Sally was so, I remember);
She's like to—oh, dear!
She's as gold, very near,
As a ripe molting peach in September!
If she laugh, and she chat,
Play, joke, and all that,
And with smiles and good humor she meets me,
She's like a rich dish
Of venison and fish.
That cries from the table, "Eat me!"
But she'll plague you and vex you,
Distract and perplex you:
False hearted and ranging,
Unsettled and changing,
What, then, do you think she is like?
Like a sand, like a clock?
Like a wheel, like a clock?
Her head is like the island folk tell on,
Which nothing but money can dwell on:
Her heart's like an orange so nice,
She carves for each lover a slice!
In truth she's to me,
Like to wind, like to sea,
Whose raging will hearken to no man.
Like a mill, like a mill,
Like a sail, like a sail;
Like an ass, like a glass,
Whose image is constant to no man.
Like a flower, like a flower,
Like a fly, like a fly;
Like a thief, like a thief,
She's like nothing on earth—but a woman!

A bachelor sea captain, who was remarking one day that he wanted a good chief officer, was promptly informed by a young ass present that she had no objection to be his first mate. He took the hint and the lady.

MEDICAL.

THE SCIENCE OF HEALTH!

Every Man His Own Physician.

HOLLOWAY'S PILLS.

AND

HOLLOWAY'S OINTMENT!

Disorders of the Stomach, Liver and Bowels.

The stomach is the great central organ which influences the health of the system—Abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints and unrefreshing sleep. The liver becomes affected and generates bilious disorders, pains in the side, etc. The bowels sympathize by Costiveness, Diarrhea and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum.
Are two of the most common and violent disorders prevalent on this continent, to these the Ointment is especially antagonistic, its "moist" operation is a direct antidote to the venous and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have per-
manently refused to yield to any other remedy
or treatment, have invariably been cured by a
few applications of this powerful ointment.

Eruptions on the Skin.

Arising from a bad state of the blood of
chronic diseases, are eradicated, and a clear
and transparent surface restored by the restor-
ative action of this Ointment. It surpasses
any of the cosmetics and other toilet appli-
ances in its power to dispel rashes and other
disfigurements of the face.

Female Complaints.

Whether in the young or old, married or sin-
gle, at the dawn of womanhood, or the turn of
life, these tonic medicines display so decided
an influence that a marked improvement is soon
perceptible in the health of the patient. Being
a purely vegetable preparation, they are a safe
and reliable remedy for all classes of Females
in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent
and stubborn disorders is eradicated, and the
entirety by the use of this emollient, warm for-
mulation should precede its application. Its
healing qualities will be found to be thorough
and inviolable.

Both the Ointment and Pills should be used in the following cases:

Rheumatism, Piles, Sore Legs,
Burns, Rheumatism, Sore Breasts,
Chilblains, Ringworm, Sore Heads,
Fistula, Salt Rheum, Sore Throats,
Gout, Scalds, Sprains,
Stiff Joints, Tetters, Ulcers,
Lambago, Skin Diseases, Venereal Sores,
Sores of all kinds, Mercurial Eruptions,
Swelled Glands, Wounds of all kinds.

CAUTION.—None are genuine unless the
words "HOLLOWAY, NEW YORK AND LONDON"
be discernible as a Water Mark in every leaf of
the book of directions around each pot or box;
the same may be plainly seen by holding the
leaf to the light. A handsome reward will be
given to any one reporting such information as
may lead to the detection of any party or
concerns counterfeiting the medicines or vending
the same, knowing them to be spurious.

SAN FRANCISCO

EAGLE PIANO-FORTE CO.

320 BROADWAY, NEW YORK.

The above company is composed
of a number of practical and experienced
Piano-Forte builders, sustained by abundant
Capital, and whose special object is to
manufacture Piano-Fortes embracing

Every modern Improvement of

REAL MERIT.

While other manufacturers embody their own
special improvements in their instruments,
they are deterred from using the perhaps equal-
ly valuable improvements of others in regard
to other portions of the instrument, by the of-
ten exorbitant royalties or fees demanded by the
Patentees for the privilege, so that although
we have frequently announcements of Pianos
embracing every modern improvement, there is
really none at present that do so. It is the
determination of the EAGLE PIANO-FORTE
CO. to disregard all considerations of expense
in procuring the rights to use any and every im-
provement which has met the approval, and
may be recommended to them by the leading
Pianists of the day, such as the Abbe Liezt,
Thalberg, Gottschalk and others.

This Company has boldly embarked with the
above purpose, confident that the American peo-
ple are prepared to approve, appreciate and
sustain their effort to produce

The most complete and best Piano-

FOR THE WORLD.

While the expense of manufacturing will nec-
essarily increase by the purchase of these
rights and privileges, it will not be permitted to
increase the retail price of any of their instru-
ments. The same style and finish of instru-
ments will be sold as cheaply as those of any
other good manufacturer.

The Company being new is disposed to ex-
pand its exertions more for establishing its
reputation and the reputation of its work than
for present profits, confident that this course
will be more profitable in the end.

Every department of the manufacturing be-
ing under the hands of a practical workman
who is at the same time a member of the Com-
pany and interested in its success and reputa-
tion, insures an exactness in the early stages
of the work, that cannot otherwise be obtained.

The best recommendation for these Pianos
lies in the fact that they are rapidly finding their
way into the parlors of all the leading pro-
fessional and amateur Pianists of the day in
preference to all others.

Confident that their instruments will be their
own best recommendation, the Eagle Piano-
Forte Co. are anxious to secure the early adop-
tion of one or more of their Pianos into
every community, and to this end they offer

Extraordinary Inducements to

MUSIC TEACHERS AND OTHERS

Who may be able to aid them in their effort.

School Committees and others desiring in-

struments for Public Institutions will be offered
special inducements.

Ladies and others having charge of Charitable
Fairs, Festivals, &c., will be offered special in-
ducements together with suggestions by which
the proceeds of their benevolent efforts may be
greatly increased; all such are especially invited
to correspond with us.

Every instrument manufactured by the Eagle
Piano-Forte Co. is made out of the very best
and most suitable material selected from all
parts of the world, most thoroughly seasoned
and prepared, and warranted in every respect
for five years, as to material and workman-
ship, and to stand in any climate.

Orders promptly and carefully filled from the
large assortment always on hand.

For these diseases, it is truly a sovereign
remedy, and too much cannot be said in its
praise. A single dose has been known to re-
lieve the most urgent symptoms.
Are you troubled with that distressing pain
in the small of the back and through the hips?
A successful day of Helmholt's Buchu will
relieve you.

PHYSICIANS AND OTHERS

PLEASE NOTICE.

I make no secret of ingredients. Helmholt's
Extract of Buchu, is composed of Buchu, Ca-
bebs, and Juniper Berries, selected with great
care, prepared in vacuo and according to rules of

Pharmacy and Chemistry.

These ingredients are known as the most val-
uable Diuretics afforded.

A DIURETIC

is that which acts upon the kidneys.

HELMHOLD'S EXTRACT BUCHU

ACTS GENTLY

Is pleasant in taste and odor, free from all in-
jurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL.

See Medical Properties contained in the Dis-
pensatory of the United States, of which the
following is a correct copy:

"BUCHU. Its odor is strong, diffusive, and
somewhat aromatic. Its taste bitterish, and an-
alogous to that of mint. It is given chiefly in
complaints of the Urinary Organs, such as Grav-
el, Chronic Catarrh of the Bladder, morbid irri-
tation of the Bladder and Urethra, diseases of
the Prostate, and Retention of the Urine, in the
female form, from a loss of tone in the parts con-
cerned in its evacuation. It has also been com-
mended in Dyspepsia, Chronic Rheumatism,
Cutaneous Affections, and Dropsy."

MR. H. T. HELMHOLD.

DEAR SIR:—In regard to the question asked
me by your opinion about BUCHU, I would
say that I have used and sold the article in vari-
ous forms for a long time, and I do not think
there is any form or preparation of it I
have not used or known to be used, in the vari-
ous diseases where such indication agent would
be indicated.

You are aware, as well as myself, that it has
been extensively employed in the various dis-
eases of the bladder and kidneys, and the reputa-
tion it has acquired, in my judgment, is war-
ranted by the facts.

I have seen and used, as stated before, every
form of BUCHU—the powdered leaves, the sim-
ple decoction, tincture, fluid extracts; and I
am not cognizant of any preparation of it, ex-
cept a plant at all equal to yours. Eighteen years' ex-
perience ought, I think, to give me the right to
judge of its merits, and with its prejudicial or
partiality, I give your precedence over all others.

I value your Buchu for its effects on patients.
I have cured with it, and seen cured (with it,
many diseases of the bladder and kidneys that
I have ever seen cured with any other propi-
etary compound of whatever name, or any other
Buchu.

Respectfully yours,
GEO. H. KEYSER, M. D.,

that leave the poison to crawl through the sys-
tem, eating its way into the tissues and organs
beneath the apparently smooth surface, to
burst out in the future with a violence that
will baffie the effects of medicine. WHEN PER-
FECT CURES can be obtained by consulting a
physician whose long practice and thorough

at once the nature of the disease.

Seminal Weakness or Spermator-

rhea.

The young man who experiences that grow-
ing weakness in his muscular and mental or-
ganization, should stop to consider whence it
arises. He will find in the weakness of the
back, trembling of the limbs, disordered diges-
tion, unaccountable falling of the powers of the
mind, distaste for society, dread of impending
trouble, forebodings of evil, sleeplessness, trou-
bled and lascivious dreams, accompanied by
growing distresses, loss of muscular power, and
numerous other symptoms of disorganization,
positive traces of that most terrible and
destructive of all diseases Seminal Weakness,
or Spermatorrhea. To him who
wasting away his powers, destroying his hope
of life and manhood, and dragging him along
the broken path of his existence towards a pre-
fined life of suffering and death, to him who
the vital principle of existence in nocturnal and
diurnal emissions, the mere cessation of its ap-
pearance brings no assurance of relief.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with
disease and requires medical or surgical assist-
ance, the enquiry should be, Where is there a
physician who is fully competent to administer
relief, and whose respectable standing in society
recommends him to the confidence of the com-
munity? The Doctor understanding how im-
portantly necessary these requirements are,
feels called upon to interpose, and beg the ad-
ministration of the afflicted to the fact that he
has been a Professor of Obstetrics and Female Dis-
eases for twenty years, and that he is fully qual-
ified, not in a superficial manner, but in as
surgical, as in a practical manner, to administer
relief to all cases of disease of the female or-
gans, both in hospital and private families, can
make to save them from the hands of the un-
qualified, unscrupulous and designing. There-
fore families can rely upon him as upon a father.
All in affliction can find in him one who will
sympathize with their sufferings. To such the
patient would especially address himself, giving
to him the assurance of a PERFECT and
PERMANENT CURE, without hindrance to
business, change of diet, or fear of exposure.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted suc-
cess of fourteen years, and has become one of
the renowned Hospitals of the age. What the
celebrated Lock Hospital is to London, and the
Paris, this Institute has become to the Pacific
Coast. The thousands annually received and
cured place it in point of number of patients
among the very first of the world, and the suc-
cess of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES are the great
destroyers of health. They insidiously attack
the system and gradually undermine and de-
stroy it; they drive the bloom from the cheek,
frame; they give the world weary and diseased
offspring, and poison, through successive gen-
erations the race of man. The marks can be seen
in Scrofula, Consumption, Cripples, the idiotic,
the Paralytic, the Insane, etc.

There is no more terrible scourge to the hu-
man race than those diseases arising from the
contamination of Venereal Poison. The mildest
known, the destruction that is liable at
any moment to fall and heighten to utterly de-
stroy—all earthly hopes.

MERCURY, recognized as the most fatal med-
ical enemy to man, combining with the Vene-
real, doubles its dangers. Those who have been
treated with that pernicious mineral poison are
not cured; the disease has only assumed a new
form.

Do not be satisfied with partial

cures

that leave the poison to crawl through the sys-
tem, eating its way into the tissues and organs
beneath the apparently smooth surface, to
burst out in the future with a violence that
will baffie the effects of medicine. WHEN PER-
FECT CURES can be obtained by consulting a
physician whose long practice and thorough
investigation into the causes of DISEASES OF
THE URINARY ORGANS enables to determine
at once the nature of the disease.

In all cases entrusted to the Doctor's care,
PERFECT, SPEEDY AND PERMANENT

Cures are Always Guaranteed.
